HAVE YOU CHECKED OUT WHAT'S BEEN ADDED TO CRN?

AFRO TURN UP (55'50)

If you ever wondered what it would be like to go clubbing in Lagos or kick back at a braai (BBQ) in Cape Town, then tune in to the Afro Turn Up with Kix. This show features the best in contemporary African music from the early 90s to present day with special guest interviews. (PBS Radio)

ANOTHER WORLD (55'50)

Another World examines historical, social, cultural and political issues from other cultures through reports, interviews and debates. World music provides an appropriate accompanying dynamic to each week's discussions, as we think about the very different lives that others are born into. (Eastside Radio)

THE CUT (55'50)

Since its inception, hip-hop has exploded into a world-wide movement of freedom, expression and a representation of all who feel injustice. Hosted by The Wicked Bandit, The Cut is a metaphorical and collective space for all who don't fit the mould. (Eastside Radio)

BRL, SON (55'50)

Presented each week by Gav, BRL is Australia's Hip Hop Show. It's BRL, Son: hear Oz Hip Hop, celebrate the greats, re-live the classic and chat the best in the genre. (Twin Cities FM)

HEALTH SPEAK (30 x 10'00 to 12'00)

The fastest (and funniest) way to learn which health professionals you really need in your life. From Bum Doctors to Speech Pathologists, Dieticians to Exercise Physiologists, in this podcast Penny Terry rejects the health jargon, bans the big words and leaves the Latin alone as she finds out who these people are, how they can help and what they do... to you. (City Park Radio)

SMALL BUSINESS BANTER (27'50)

Each week Small Business Banter features interviews with SME experts and other business owners. They share practical tips and relevant information to help regional SME owners run their businesses more successfully. (Gippsland FM)

THAT'S WHAT I CALL SCIENCE! (27'50)

A team of women in science and tech bring a fresh perspective to the issues that matter to you. Explore elements of science that are at the heart of our communities. From bushfires to compost, Indigenous Knowledge, brewing beer and the tech behind the world around us. (Edge Radio)

FROM THE EMBERS (9 x 27'50)

In the wake of COVID-19, it's easy to forget that only a few short months ago, hundreds of communities across Australia were faced with fire and smoke, homes destroyed and one of the most difficult bushfire seasons Australia has ever seen. Not only has the rise of COVID-19 slowed recovery efforts, as the media focus their attentions on a global crisis, those who have lost everything are now also left behind. (CBAA, Paul Ramsay Foundation, Judith Neilson Institute for Journalism and Ideas, KIX FM, Radio Adelaide, 3HCR, 3MGB, 3REG, Braidwood FM, 2EAR, Edge FM and 2MNO)
